R.No.56589-3-Mal(2)/53 Office of the Director of Public Health, Madras-6, dt/ 29th October 53.

From
The Director of Public Health,
Madras.6.

To
The Secretary to Government,
Health Department, Fort St.George, Madras.

Sir,

SUB: TRANSPORT--South Kanara District--Anti-malaria scheme--Ford van (MDX 1734)--repairs to gear and wheel bearings-- expenditure sanction--requested.

I forward herewith copies of letters R.No.676/53 dated 25-7-1953 and 20-10-1953 received from the Health Officer, antimalaria scheme, Puttur and request that in the circumstances stated therein, Government may be pleased to accord sanction to the expenditure of Rs.590-8-6 (Rupees five hundred and ninety, eight and pies six only) towards the cost of repairs to gear and wheel bearings etc. to the Ford Van (MDX 1734) attached to the South Kanara District antimalaria scheme.

2. The Area Transport Officer has certified that the charges are reasonable.

3. Provision exists in the Budget Estimates for 1953-54 to meet the expenditure noted above.

Yours faithfully,

for Director of Public Health, Madras.

SUB: FORD VAN --MDX 1734--reparis to--requested.

I submit that the above van was found to have developed defect in its gear box and on 20-7-53 was sent to Mangalore as it was learnt that the Area Transport Officer had arrived at Mangalore on the previous day. Later, it was learnt that the Area Transport Officer had left Mangalore on the same day. At Mangalore the rear wheel bearing was found broken and the vehicle was left in Ford workshop for check up on the morning of 21st and the Karkal tour was done by public transport.

A telegram sent by the Director of Public Health, on 22-7-53 directing immediate deputing of van to the District Health Officer, South Kanara for epidemic duty at Kasargod taluk was received at Puttur on 23/7/53 by post from Mangalore due to break down in Telegraphic service from Mangalore to Puttur and the same was sent to me through a peon to Karkal on 24th. I returned to Mangalore. Ford workshop and was informed that the countergear teeth are broken and the wheel bearing needs replacement. Neither the gear part nor the bearing is locally available and has to be ordered from Madras or elsewhere. While the bearing may be readily obtained in the course of a few days, there may be slight delay in obtaining the gear assembly parts. P.T.O...

An estimate for the gear parts is awaited from Messrs. P.V.Pai & company, Ford dealers. It is roughly stated that to be about Rs.400/- if the entire gear assembly has to be replaced as it is stated that merely replacement of countergear may result in futher damage of similar nature unless the whole assembly is replaced which will be in correct alignment.

May I therefore request for sanction to replace the wheel bearings and gear assembly so that the van may be deputed for epidemic duty at Kasargod as soon as it is repaired.

The Area Transport Officer has been requested to approve the repairs and his reply and the estimate from the Ford Motors will be submitted as soon as they are received.

Post copy of the telegram sent in reply to the telegram from the Director of Public Health is enclosed fn confirmatio
